The statement of a local Republican organ that the large number of Republicans who were present at the Auditorium meeting on Friday were attracted solely through curiosity to see Bryan, and not to take heed of his convincing argument, will probably be found to be wide of the mark on election day. President Roosevelt would have accomplished very little in the interests of the people had it not been for Democratic support in both house and senate last winter, and in order that his hands may be upheld it will be necessary for Republicans to cast their votes for Democratic congressmen this year. Especially is this true in the Eighteenth district where such large business interests are at stake.

Senator La Follette of Wisconsin, whom Mr. Bryan praised in his speech which he delivered in the Auditorium last Friday delivered his first speech of the present campaign in Milwaukee on Saturday night. The sensational feature of his address was an intimation that a new party might be formed by the people in opposition to the trust and corporation, and that such movement would be favored by the senator. He pleaded for the people to get together in one vast movement for the restoration of representative government, and said, "My life work is more to me than mere party or office. If the American people thoroughly understood the situation you could no longer impose on them. Never. Then, rather than follow blindly any party flag or any party declaration, the people would rise up en masse and compel legislation that would wipe out the iniquitous vast corporations are imposing on them." He appealed to members of all parties not to permit a step being taken backward. His speech has aroused fresh interest in the report which was circulated when Mr. Bryan was there and Senator La Follette held a consultation with him in a private car on the trip to Madison, that there is a movement on foot toward a new party, with Bryan, La Follette and perhaps Gov. Folk at the head, on the

lines laid down by the senator in his speech. There is no question that men of the character of La Follette, Bryan, Folk and Johnston will sooner or later be found in one party as there is practically no difference in the principles they advocate.

Toledo Ice Fight.

Toledo, O., Oct. 28.—Once more overwhelmed in defeat and within the very portals of the workhouse three members of the convicted ice trust were again rescued from the cell by the efforts of their counsel Friday afternoon. Crushed by the decision of the circuit court, the ice men were remanded back to the common pleas court for execution of the sentence of six months' imprisonment and a fine of \$7500 each. Their lawyers then availed themselves of a statute by which the trial court has authority to grant a stay of execution of sentence or sentences in such cases for 30 days or less, pending the appeal on error to the supreme court from the decision of the circuit court. This application was taken before Judge Julian H. Tyler, and the judge granted a 30 day suspension. Judge Parker, presiding, briefly announced the conclusion of circuit court, without giving the reasons therefor. These will be embodied in a lengthy opinion which Judge Parker will prepare and which he will submit to Judges Haines and Sullivan before filing. The three brief conclusions announced today by the court are as follows:

First—that the circuit court has jurisdiction in the cases.  
Second—that the Valentine anti-trust law is constitutional.  
Third—that the case made out by the plaintiffs in error—the ice men—was not sufficient in law for the reversal of the judgment of the common pleas court.

Street Car Ran Wild.

Youngstown, O., Oct. 28.—A South side street car ran away on Bressett street at a late hour last night, jumped the tracks at the Market street curve, crossed the street and ran about 50 feet down Chalmers avenue before it could be stopped. The car ran over high curbs, sidewalks and knocked over a couple of small trees without upsetting. There were eight passengers aboard but all kept their seats and nobody was hurt.

Taft's Prediction.

Cleveland, O., Oct. 28.—Secretary of War Wm. H. Taft in an interview tonight said that if Hearst was elected governor of New York he would be the next Democratic candidate for president. While feeling confident of Hughes' election, he commended Hearst for his defiance of the ring Democrats. He declared he would overshadow Bryan as a presidential candidate.

BIRTHDAY CELEBRATION

Wilda, the daughter of Mr. and Mrs. George H. Gresser, of North Clarendon avenue, entertained about 25 of her little boy and girl friends at her home Sunday, from 1 o'clock to 5. The occasion was the celebration of Miss Wilda's fourth birthday. Music and games were indulged in and the party spent a happy afternoon.

Not the least enjoyable was a light luncheon for which the dining room was tastefully decorated with pink draperies and chrysanthemums. Miss Wilda was the recipient of many gifts. The little tots returned home at 5 o'clock wishing the young hostess many happy birthdays and voting her a good entertainer.

Admit Guilt.

Crown Point, Ind., Oct. 28.—Carl Packard and Fred Gerserung, the two men in whose room a house maid accidentally exploded a charge of dynamite at Aetna Thursday, fatally injuring herself, blowing up the boarding house, and endangering the neighboring Aetna powder plant, admitted Friday that they were members of a gang which plotted to blow up a Lake Shore train unless the railroad officials gave them \$6000. The men deny, however, that they participated in the attempt which was actually made on Wednesday night. The prisoners are being sweated for the names of their accomplices.

THE THRICE-A WEEK WORLD'S regular subscription price is only \$1.00 per year, and this pays for 156 papers.

Hoosac Tunnel, Mass., Oct. 28.—While standing on a stepladder repairing a mail crane at the depot today, Edmund Hall, 78 years old, was drawn from his post by the suction of a passing express train, pulled under the train and cut to pieces.

Golfing at Congress Lake.

About 25 club members spent Sunday at Congress lake. Golfing was indulged in by its devotees and a cheerful log fire blazed in the big fireplace in the club house, where those who wished to remain indoors congregated. The usual good dinner was served by the custodians in charge this year.

Miss Cunningham, the school teacher arrested some time ago on information of Charles Zimmer, charging her with assaulting Marie Zimmer, has been discharged by Justice Barrick. There was not sufficient evidence to hold her.
